Re: **Letter of Supply** for DAPA SP0200-18-H-0012

Dear Mr. Rodriguez,

This Letter of Supply is in reference to the request that RegeniSource LLC submitted pursuant to the Veterans Affairs, National Acquisition Center, Federal Supply Schedule Multiple Award Schedule ("MAS"), DoD, 651IA Medical Equipment and Supply, DAPA #SP0200-18-H-0012

In the event that the request of RegeniSource LLC is accepted, CellRight Technologies will, through its authorized distributor, REGENISOURCE LLC, assure an uninterrupted source of supply, with sufficient quantities of Demineralized Bone Matrix, related accessories and services, for the duration of the contract period.

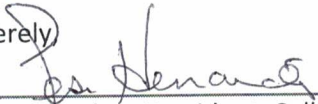

CellRight Technologies understands that all products and services that are offered on MAS contracts must be compliant with the Trade Agreements Act ("TAA") (19 U.S.C. 2501, *et seq.*). As such, all products supplied by General Surgical of Florida to RegeniSource LLC will be TAA compliant. You will be notified immediately upon discovery of any changes in the Country of Origin of supplied products.

CellRight Technologies understands that if they certify that the products being supplied meet or exceed the minimum content levels established under the Comprehensive Procurement Guidelines (CPGs) program, then they must furnish RegeniSource LLC proof in the form of a copy of the certification from the manufacturer or a copy of the environmental organization's certification in order for RegeniSource LLC to be allowed to display the appropriate environmental attributes on their VA/DoD agreements. The percentage of the recovered materials and post-consumer materials must also be provided to the offeror/contractor.

CellRight Technologies understands that if no proof of the environmental attributes being claimed is provided, then the offeror will not be allowed to display the applicable environmental attribute icon.

The person whose signature appears below is authorized to make the commitments noted above.

Sincerely,

Jesus Hernandez, President, CellRight Technologies
